TIDAL FLOW is a transcontinental cooperation between Brandon Gonsalves from Gujrat (India) and Ales Pickar from Prague (Czechia). Brandon Gonsalves is an architect and designer and the man behind the project "GENESIS CHILD". He currently lives in Dubai/Arabia. Ales Pickar runs "CONCRESCENCE" (former "Thieves Of Impressions") for almost 20 years now. He was one of the founders of the german ANT-ZEN label in 1993 and is also a novelist. He currently lives in Franconia (Germany). The music of the album "Continuum" apparently could be defined ethereal and dreamy ambient combined with natural sounds or simple piano themes.
