## Tracks:

Welcome to Palestine  
There's no happy end

Electroacoustic duo formed, under the endless rain of the Costa da Morte (Spain), in 2009 with Niet F-n and B.K. Uvi3n, an experimental musician of galician origins. "Welcome to Palestine" is an album with rarefied melodies, loops, glitches, field recordings, noises and microsounds merge together to create extemporaneous sonics ambients. Guitar, violin, synth and different objects are treated with pedals and effects or with laptop to elaborate the sound and transform the spaces.
